Policies and Procedures (P&P)

Return to Glossary

Policies and Procedures (P&P) in a company serve to define how employees are expected to behave and to detail the responsibilities of both management and employees. Company policies and procedures help to ensure that employees receive their legal and ethical entitlements. At the same time, they guarantee that an organization pays proper attention to business concerns. Source: https://www.lanast.com/policies-and-procedures-that-all-companies-should-have/
