Opend Data Commons

return to the de facto Standards area

> *Open Data Commons is the home of a set of legal tools and licenses to help you publish, provide and use open data.*

Licenses

```
<nspages -tree dido:public:ra:xapend:xapend.b_stds:defact:odc -exclude -subns
-pagesInNs -h1 -textNs="">
```

Tools and Aids

> *To discover more about open data and content, use these resources:*

- *What is open data and how does it relate to open knowledge? Consult our guide*
- *How is “openness” defined in relation to data and content? Read the Open Definition*
- *Have more detailed questions about the Open Data Commons licenses? Our frequently asked questions may provide answers*
- *Use the Licenses Service to get data on more than 100 open source, open data and open content licenses in JSON and API friendly form*

> **Note:** Open Data Commons is maintained by the Open Knowledge Foundation. If you have any questions, join our discussion forum or email info@okfn.org to contact our team.
